Planning your House Website.

For homework you need to plan out 2 pages of your **HOUSE** website. During the lesson you planned what pages you were going to have and now you need to think about 2 of them. Your plans need to include:

- The Layout of the page
- The text style and size
- The colour of the different areas
- Type of background
- Images you will use
- Hyperlinks you are going to have
- Any other information to help you create the page

You need to write out the text which will appear on the pages.

This homework should take around 30 mins, approximately 15 minutes a page. It needs to be done so that somebody else could create the page from your planning.
