COVID-19 testing over May half-term – Monday 31 May – Friday 4th June

As lockdown eases, taking a rapid COVID-19 test twice a week, even if you do not have symptoms, will help us stay ahead of the spread of the virus, particularly as new strains appear. Around 1 in 3 people with COVID-19 have no symptoms and are spreading the virus without knowing. This includes those who have had their vaccine.

We want to thank you for your continued support in testing. Over 40 million tests with staff and students have now been conducted as part of the education testing programme.

The result of a rapid test could be positive, negative or even void. But whatever it is, it should be reported straight away, every time. Recording all test results helps scientists stay ahead of the virus by spotting new outbreaks quickly and advising how to respond.

Reporting results is easy. Go to [report a COVID-19 lateral flow test result](#) or call 119 free from a mobile or landline. Lines are open every day, 7am to 11pm. Support is offered in 200 languages as well as British Sign Language and Live Video Assistance.

Please ensure you complete a LFT test before returning to the academy on Monday 7th June.

Have a safe half term

Best Wishes

Kate Kell
