March 2021

Nunthorpe Academy
PE Department

Introduction

What incredibly different and challenging times we have been through, times that may have felt very strange and peculiar. However in adverse times it is the spirit and mentality that we pose as human beings to face up to the adversity we are confronted with to bring positivity and happiness to the situation we are living through.

Nunthorpe Academy students are no different. In this booklet we celebrate just some of the students who have displayed a tremendous attitude and produced excellent work during the last half-term.

As well as focusing on their studies, students have taken part in various challenges. Helping to maintain their own physical and mental wellbeing, and making a significant contribution to the local community. As staff we have been so proud to see so many students and their families taking part in the Strava challenge where over 6000 miles were covered in 900 hours. As well as participating in the 1Km for £1 challenge, which raised over £1200 for Middleborough foodbanks. Nunthorpe Academy students also topped the TOPYA leaderboard for Redcar and Cleveland and several more students have made significant strides towards changing their lifestyles by participating in Couch to 5K.

We are so proud of all your achievements and look forward to welcoming you back to the Academy.

Mr Tooth

Q Johns

Q has been an absolute star since September, always getting involved in all PE lessons with a smile on her face whether it be face to face or over zoom during lockdown. Every single challenge that Q is set, she completes and always evidences her progress via email and the Nunthorpe Sport twitter account. Some lesson's I have set more than one activity or challenge and Q always goes out of her way to complete both/all of them rather than simply selecting one.

B Morton

B has really shone throughout the whole of the lockdown period, every single week he is stood up during the zoom call eagerly awaiting to find out what the activity is going to be. B has bought into every activity throughout lockdown such as the bring sally up challenge, circuit training and Strava which has been really refreshing to see. B always goes out of his way to send his evidence in as well to keep me up to date with his activity, well done B.

Miss Murray

M Sleight

M is working incredibly hard during her GCSE PE studies and is always looking to achieve her very best. Every lesson she is one of the first to arrive and is always looking to go the extra mile to ensure she has fully grasped a topic. She was one of the first students in the group to complete her coursework and this is due to the extra time and effort she applied and her overall attitude to learning during these strange and difficult times has been fantastic. Massive well done!

E Benfield

E has had an excellent approach to PE lessons during this lockdown and has attended all zoom sessions. She is eager to work hard on both theory and practical lessons and is always the first to submit her work at the end of the lesson, work that is always completed to a very high standard. During lockdown she has taken part in many activities from Strava, to just dance, to PE with Joe and many more, always updating me with how she has spent her time during practical PE lessons. Well done and keep this up.

Mr Purcifer

A Baines and I Hall

A and I have been awesome. They have made on-line learning that little bit more enjoyable, always smiling, confidently answering questions and completing all the work set to a really high standard. I am really proud of both students.

Mrs Cruickshank

K Crook and M Jones

Both have shown positive engagement for online learning and completed any additional tasks. They both completed a detailed Exercise Log for HT3, which clearly demonstrates a love for exercise/activity.

Mr Bunn

K Lewis

Her attitude to PE has been excellent, every week she produces great quality work and completes all tasks to a high standard. I place the work early on class charts for students to look, K is always proactive and looks at the work, in some cases she has completed it to allow her more time to exercise or improve it after the lesson. She loves to learn and I'm very impressed with this outstanding mindset to do the best she can with everything she does. Thank you, K, it has been a pleasure teaching you this year - well done.

G Cassidy

The volume and range of exercise he had done is simply incredible and great to see/hear. If its runs on the beach, hill runs, circuit training and skills work with the rugby ball, it's always great to hear about it with a photo, screenshot and communication through an email. Having great role models within his household adds to his motivation of improving fitness and enjoyment through exercise, I know that G's all-round well-being has been maintained and improved socially, mentally and physical throughout this difficult time away from school. He is a great role model to others and sets the standard for others to follow, you have been brilliant and your contributions have inspired me to do more, thank you G.

Mr Elwood

J Dickinson

Since September J has worked superbly within VCERT PE, displaying a tremendous attitude and bubbly personality, consistently producing work that I would describe as 'excellence'. This has continued throughout the recent lockdown through home learning, it is great to see J has not dropped her standards. Whether it is answering questions verbally, completing written work, participating in practical lessons, or producing revision material Jess always does this to the highest of standards. Always going above and beyond to surpass her potential. J is a real credit to her family and the academy and has all the qualities to succeed not only in her exams, but in her future endeavors also. Well done, J.

B Dowson

B is an incredible student. Hardworking, polite, friendly and funny, he is a real pleasure to teach. During the last few months B has contributed superbly to PE lessons, always giving his all in both theory and practical lessons. B also participated in the 1km for £1 challenge for Middleborough foodbanks raising £60 alone for the charity. This further highlights the qualities B possesses in his personality, selflessly helping other people. B has a bright future ahead of him and he is capable of achieving great success. Myself and Mr Bunn are very proud of you. Keep up the good work, B.

Mrs Thomas

J Routh

Wow, what can I say about J? He is amazing! J constantly goes above and beyond with his effort in class as well with exam questions. He always puts in 100% effort and reads round the topic to ensure he fully understands the work in front of him. His results in all test papers prove the extent to his independent work and the devotion he has for this subject. J is a quiet, hardworking young man with a determination to succeed and with the hard work he is displaying I am in no doubt he will achieve greatly. He is a pleasure to teach!

A Dunmore

A's attendance in zoom lessons has been great. She consistently submits work and is working hard to complete her synoptic project. A has taken feedback and has improved her work to hopefully meet or even beat her target grade. A is a quiet, hardworking young lady and this is displayed in all aspects of her work.

Mrs Ashcroft

T Kadar

Throughout the lockdown, T has attended every PE zoom lesson and he is always the first to be logged on, ready and waiting. T has engaged in the lessons with positivity and enthusiasm throughout. He has really enjoyed taking part in Joe Wicks workouts and his fitness levels have gone through the roof! Well done, T- you've been amazing.

S Walker

S has attended every PE zoom lesson throughout the lockdown period and has been one of the first to be logged on. He is really into his sport and fitness; he has enjoyed going out on his bike and for a run throughout the pandemic. He is a really friendly and chatty young man; it has been a pleasure to have a chat with him over zoom to see what activities he has been engaging with. Big well-done S!

Mr Everson

H Saeed

H has been attending school since day 1 of the lockdown. From the outset H has put 110% effort into every PE lesson I have had with him. His attitude and behaviour around school is brilliant and this has shown throughout his PE lessons. He is always helping to set up the activities and games during the lesson and is an absolute pleasure to teach. Well done H!

M Hall

Every PE lesson, M has bundles of energy and a smile on her face. Her effort in every lesson is second to none and she is always trying her hardest. She is always helping to set up activities and get as many games in as she can. Her determination to do the best she can is clear to see every lesson and has been a joy to teach. Keep up the good work M!

Year 7 Nominees

A Busuttil	J Hodgson	R Hembury
