

A Policy Statement on Provider Access

Nunthorpe Academy: Provider Access Policy

Introduction

This policy statement sets out the academy's arrangements for managing the access of providers to students at the academy for the purposes of giving them information about the provider's education or training offer. This complies with the academy's legal obligations under Section 42B of the Education Act 1997.

Student entitlement

Students in Years 7-13 are entitled:

- To find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point.
- To hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options evenings, assemblies and group discussions and taster events.
- To understand how to make applications for the full range of academic and technical courses.

Premises and facilities

The academy will make relevant spaces available for discussions between the provider and students, as appropriate to the activity. The academy will also make available AV and other specialist equipment to support provider presentations. This will all be discussed and agreed in advance of the visit with the Careers Leader or a member of their team.

Providers are welcome to leave a copy of their prospectus or other relevant course literature at the Careers Resource Centre, which is managed by the academy librarian. The Resource Centre is available to all students at lunch and break times.
