Student Name: _____ **Tutor Group:** _____

Student Signature: _____ **Date:** _____

As part of the Nunthorpe Sixth Form Enrichment programme there may be cycles where your child chooses to complete an activity off the Academy premises, unsupervised by a member of the Academy staff. We encourage all Sixth Form students to try to make arrangements to undertake work placements and meaningful activities during Enrichment time which will help them to develop important transferable skills and be of benefit when completing application forms for university, apprenticeships and employment.

I need to ask you to make appropriate arrangements for the activity provider to act 'in loco parentis' for the duration of this activity. I must also ask that you indemnify the Academy against all liability during the time that your child attends this activity. It will be the responsibility of yourself, your child and the provider to ensure that appropriate Health and Safety requirements are met, for example DBS checks. Students who are eligible for a Bursary will be able to put in a claim to the Sixth Form for any costs that this may incur.

By signing this letter you acknowledge that the liability on the part of the Head of School and teachers will not apply during these periods of time and that you consent to the provider of the activity acting 'in loco parentis' for the duration of this activity.
